INSTRUCTIONS
Use this petition if you are an undergraduate wishing to make a substitution to fulfill the laboratory requirement.

1. The completed petition must be signed by your faculty advisor.
2. Make copies of the petition: one for you, your advisor, and, if applicable, your project supervisor.
3. Send the original to the COC: the Committee on Curricula, 5-115.

NOTE: The COC denies most petitions to substitute individual project work for the Institute Lab requirement. Only when the faculty project supervisor designates that the individual project is of outstanding quality, and the supervisor details continued close involvement with the student's work, will the petition be favorably considered.

COMPLETE INFORMATION BELOW

<table>
<thead>
