The following abbreviations are used:

Addresses – An MIT address written as “E32-123” means the office is in Building E32 in Room 123. This office is on the first (ground) floor as indicated by the first digit in the room number, in this case 1 (whereis.mit.edu).

Telephone Numbers – An MIT phone number such as 617-253-1493, 617-258-1556, or 617-452-1234 may be written as 3-1493, 8-1556, or 2-1234. While on campus using a campus telephone, it is not necessary to dial 617-25; dial only the 3, 8, or 2 followed by the 4 digits of the office extension. “Tel” is the abbreviation for telephone number. “x” or “ext.” is the abbreviation for extension. All calls within eastern Massachusetts require an area code. Therefore, if you are calling MIT from outside the Institute you must add 617 (or 1-617 if calling from outside the Boston area).

An official MIT ID (with a photograph and number) will be issued to appointed scholars. This card may be used whenever it is necessary to prove affiliation with MIT or identity, and to be admitted to various MIT events. It is also used as an MIT library card. To obtain an official MIT Photo ID Card, call the MIT Card Office to find out whether or not they have received notification of your appointment from your department, laboratory, or center. If they have, bring your passport to the Card Office and request a card.

Spouses and partners may obtain MIT photo ID cards from the MIT Card Office. Each spouse or partner must provide the scholar’s MIT ID number, legal proof of relationship (for example, marriage certificate, joint checking account listing both names, or current utility bill listing both names), and a picture identification such as a passport.

Massachusetts State Identification Card
web.mit.edu/scholars/intlscholars/general/driving.html#id

See our website (listed above) for information on obtaining a Massachusetts ID card. People without a driver’s license will find a Massachusetts ID Card (or Massachusetts Liquor ID) extremely useful. Identification is required for many common transactions. It is also required to purchase wine, beer, or alcohol, or to enter bars or nightclubs serving alcohol (the minimum age is 21). While a passport can typically be used, it can easily be lost or stolen. It is possible to obtain a Massachusetts ID or Massachusetts Liquor ID (not valid for driving purposes) from the Registry of Motor Vehicles (RMV). Although it is not a driver’s license, the Massachusetts ID/Massachusetts Liquor ID is recognized as a valid form of photo identification. Visitors in B-1/B-2 or WB/WT status are not eligible for a Massachusetts ID.

The MIT Work-Life Center is an excellent source of information, referral, and advice related to parenting, child care, and schools in this area. A wide variety of child care programs exist on-campus and in the metropolitan Boston area, although choice may be limited by price and by available openings. Advance preparation and timing can be important, especially in locating a nursery school, daycare center, or after-school program. Family daycare (child care in licensed private homes) may be more readily available. Many agencies now exist as well for the placement of in-home caregivers. It is difficult to report an average fee because programs vary so much. The MIT Work-Life Center has information on current fees for the various options. The MIT Work-Life Center staff can also assist you with information on schools and enrollment procedures for school age children.

The MIT Women’s League sponsors a used furniture exchange which has bed frames, bookcases, lamps, desks, sewing machines, couches, rugs, chairs, tables, small appliances, etc., all at a reasonable cost. In addition, the Exchange will buy back any purchase (except bedding) at 1/3 of the original sale price if the item is in good condition. Proceeds from the sale of these items support an annual contribution to the Student Scholarship Fund. Check the website or call to obtain further information and to verify the hours.

It is important to safeguard your money during your stay in the United States. Consult our website listed above for details on these topics.

Published at MIT: The Tech (student newspaper) in hardcopy version or on-line at tech.mit.edu and MIT news on the web at news.mit.edu.

Reduced fares are available if you use the refillable, plastic “Charlie Card.” The MBTA also operates an extensive commuter rail (train) system to surrounding suburbs; prices vary according to distance traveled. Monthly MBTA passes can be purchased at many subway stations, as well as the MIT Parking and Transportation Office, W20-022, during the last three business days and the first business day of the month. Additionally, free subway/bus schedules and maps can be found at major subway stations and on buses. Many bookstores also sell subway/bus maps and the book Car Free in Boston, which may be helpful to newcomers.

It is important for you to understand your visa status and visa-related documents. Please see our website listed above for a full explanation. Please also see our website for a brief list of who can work and in which visa status.

Maintaining Your Status

It is important for you to maintain valid visa status while in the United States and at MIT. Please contact the International Scholars Office (ISchO) if you have any questions or concerns. We can guide you and help ensure your compliance with regulations. Please do your part to make sure the ISchO always has the most accurate, up-to-date information about you, and inform the ISchO of the following:

- Change of home address (see details at web.mit.edu/scholars/intlscholars/visas/AR11.html)
- Plans to travel outside the United States. Always check with the ISchO several weeks before traveling outside the United States to make sure you have all necessary documents and signatures. Also consult the latest ISchO Travel Advisory, web.mit.edu/scholars/intlscholars/travel/advisory.html.
- Change of MIT department, lab or center
- Change in work location or additional work location
- Change in funding (source and/or amount)
- Change of appointment percentage or title
- Early departure from MIT/Termination of MIT appointment
- Leave of absence (please inform the ISchO before the leave)
- Leaving the U.S. for an extended period of time

Always pursue your teaching and/or research activities. Do not engage in unauthorized work or other activities not authorized under your nonimmigrant visa program. If you are not sure if an activity would be permitted, check with the ISchO. See web.mit.edu/scholars/intlscholars/visas/message2.html for details and information specific to scholars in J, H and TN status.

Changing Your Local U.S. Address

U.S. Citizenship and Immigration Services (USCIS) regulations require notification within 10 days of any change. See details at web.mit.edu/scholars/intlscholars/visas/AR11.html. If you change your local U.S. address:

1. Notify the ISchO within 10 days so we can update our records and, if applicable, your SEVIS record.
3. Notify the U.S. Citizenship and Immigration Services (USCIS) by submitting Form AR-11 within 10 days of your address change. See complete instructions on the ISchO website: web.mit.edu/scholars/intlscholars/visas/AR11.html. Individuals in F-1 and J-1 status do not complete these forms, but rather inform the visa sponsor (your international office) of a new address. The visa sponsor then submits the change of address information to SEVIS, the Student and Exchange Visitor Information System (government database).
SEVIS (The Student and Exchange Visitor Information System)
web.mit.edu/scholars/intlscholars/visas/sevis.html

For all J-1 visitors sponsored by MIT and their J-2 dependents, MIT is legally required to go through SEVIS, an electronic system. MIT and individuals in J and F status have important reporting obligations under this system and the related federal regulations. For details, consult our website.

Extending your Stay, Changing Status, and Future MIT Appointments
web.mit.edu/scholars/intlscholars/visas/extchg.html

Some scholars may extend their permission to stay and to work and/or be appointed at MIT. You are permitted to remain in the United States until the end date shown on your visa document (such as the Form DS-2019 or I-797), on the Form I-94 and/or entry stamp on passport. The expiration date of your visa stamp is not relevant in this respect. If you hope to stay at MIT longer, or plan to return to MIT or elsewhere for a future appointment, consult the website listed above.

Travel and Re-entry to the United States
web.mit.edu/scholars/intlscholars/travel/index.html

Consult detailed guidance at the website listed above. If you plan to travel outside the United States, you should first come to the International Scholars Office, Room E38-219, at least 2-3 weeks before you travel. At that time we can make sure that you have all the necessary documents and signatures to travel. Some scholars may need to renew their visas before returning to the United States.

We will need to check the validity of your passport, your visa stamp, and your most current visa eligibility document (e.g. Form DS-2019). Please bring these things with you when you come to our office.

Be sure to read our latest Travel Advisory before your trip for important guidance:
