

Functional Coffee Cup Insulator

Sarah Don 2009

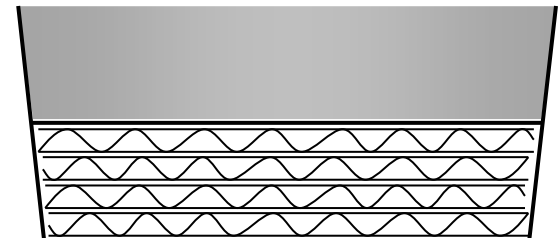

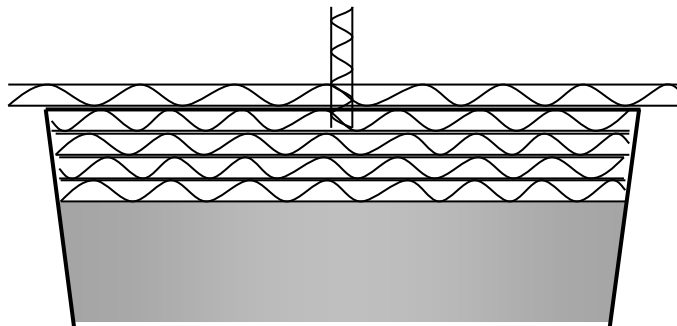

The Problem

- Coffee tastes better hot
- Coffee cools rapidly
- Insulating a coffee cup costs
 - Money
 - Time
 - Resources

The Process

- Sealing the base
- Insulating the sides
 - Corrugated cardboard
 - Dense cardboard maché
- Building the lid

The Solution

- Functional Coffee Insulating Device
 - Low cost
 - Small carbon footprint
 - Efficient insulator

The Results

Insulation Efficiency
