

Interested in finance, understanding the markets, meeting smart, dynamic students from across the world? Want the opportunity to meet Warren Buffett and CEOs of Fortune 500 companies?

Global Platinum Securities, LLC is currently looking for intellectually curious and ambitious MIT freshmen and sophomores with creative, entrepreneurial spirits to join our team as analysts for the summer of 2009 with the possibility of joining as full-time analysts in the fall of 2009. Although time requirements for GPS members vary, most of our members work summer internships or take full class loads while contributing to the fund.

We are a 40 member intercollegiate student-run investment club dedicated to learning more about the principles of investing, exploring all aspects of the business world, and giving back to the community via service and charitable donations while managing \$225,000. The student membership attends some of the world's most renowned universities including MIT, Harvard, LSE, and Wharton, and runs the day-to-day business of the club. We work closely with professional mentors from a diverse set of fields – such as private equity, hedge funds, real estate, strategic tax consulting, and corporate law -- who volunteer their time to teach the next generation of business leaders. Our diverse membership hails from sixteen countries including Finland, Belgium, Russia, Kuwait, Sri Lanka, Indonesia, Malaysia, the Philippines, and South Korea.

GPS has had the amazing opportunity to meet with the leading investor in the world, Warren Buffett, as well as numerous Fortune 500 executives. Our students have also had full time and internship opportunities at bulge bracket firms such as Goldman Sachs, Morgan Stanley, JPMorgan, and Merrill Lynch; elite boutique firms such as Evercore Partners and Milestone Capital; private equity firms such as Grey Mountain; hedge funds such as CAZ and Anacapa Asset Management; and premier consulting firms such as McKinsey.

While GPS requires varying (sometimes substantial) amounts of time, including weekly meetings and individual research, it is possible to take on with a full course load or summer job. For more information, come to the MIT GPS Presentation at **11AM on Saturday the 7th of March in 56-154**. A second presentation will be held at **7PM on Tuesday the 10th of March in 56-114**. Candidates should submit a cover letter and resume to MIT.GPS@gmail.com to apply for a summer internship with Global Platinum Securities. The deadline for applications is at **Noon, Wednesday, March 11, 2009**. First round interviews will be conducted the week of March 13.
