

Engineering Leadership

A panel about careers in engineering leadership

Monday May 4th, 5-7pm in 2-105

Want to learn about programs that give you a chance to use your engineering background AND let you lead a team? Want to have a career where YOU can be in charge?

Come learn about programs that combine engineering and leadership!

A panel discussion with representatives from General Electric, Northrup Grumman, and Gordon-MIT Engineering Leadership Program.

No RSVP Required- Open to Entire MIT Community

Brought to you by SEBC's Technology and Entrepreneurship Group
