Student Information Review Form
Class of 2013
Academic Year 2009-2010

Due May 1, 2009

Welcome to MIT. You are joining a community of donors and alums who have given generously for 130 years. The information on this form will help us determine if you match any of the MIT "named" scholarships, which are used to fund students' MIT grants. While these funds are only awarded to students with financial need, some of them have additional restrictions or preferences. For example, some donors specify support for students within certain departments, with certain interests or affiliations, from certain regions or ethnic backgrounds, who have graduated from certain high schools, or whose parents or grandparents are/were employees of certain companies or members of certain organizations.

1. Please complete both sides of this Student Information Review Form, sign and return to the address above. This form will tell us about your personal interests, extracurricular activities, and work experience. Include hobbies, athletics, clubs, community organizations, musical groups, and employment, with hours per week involved, offices held, recognition earned, etc.

2. Please add any additional comments or give any other information that you feel might be of interest to MIT's financial aid donors.
