SECURE TRANSMISSION

CODE: A4403-73CD-N4-216531

FROM: SYSTEMS ALLIANCE COMMAND

OPERATION: TANGO ZULU

The mission MANIFEST TRAIN has been compromised by TARGET ZULU. As previous briefings stated, the mission has been scrubbed.

New intel has indicated that TANGO ZULU has a target of opportunity at this location. We will be sending in a small number of fireteams to the target. With successful completion, it should be possible to open a new target window on MANIFEST TRAIN.

The mission objective is to infiltrate the base, find and destroy the transmission tower. There is a limited window before heavy reinforcements arrive. We will not be able to hold them off.

**The drop shuttle will leave the LZ at mission T+60.**

Good luck.

–Rear Admiral Elizabeth Hall, 45th Scout Flotilla
