CASE is trying to match undergraduates who need affordable places for family members to stay during graduation with faculty members that would be willing to host them for the duration of commencement. Last year, we successfully matched 20+ families with hosts for commencement. If you believe this initiative fits your current situation and would help you and your family, please fill out the survey so that we could gauge student interest and potentially match you with an MIT faculty or staff member that is open to hosting your family during commencement.
