Grimson Update

Happened Monday

[meeting contents redacted]

PTAC / President Reif

He was at Baker House yesterday

PTAC had its final meeting

PTAC's final report (~80 pages) will be out soon in final form

Updates

(Naren) The number of units assigned to a subject doesn't match the amount of time required (e.g. 4.111, 8.13, 6.115). COE assessing subject evaluation data and developing a political strategy. Currently gathering data.

(Naren) Know your rights! Classes **with final exams**: nothing due after and no exams after May 16. Classes **without final exams**: no exams after **May 10**; at most assignment due no later

than **May 16** (unless the two assignments are really the same thing: a presentation and a paper). No take-home finals unless scheduled through the registrar **must be open notes**. If you are going to **miss finals talk to a dean in S^3**.

(Naren) One faculty member (probably Gruber) will eat in Maseeh May 7 as a pilot for faculty in dining; to be expanded in the fall

(Danielle) Ra Ra Riot is opening. Volunteers open & 100 people signed up. Pubbing to start next week (on all other spring fest events). *Free things*. "Radio thing" happening during CPW, giving away at most 8 tickets.

(Betsy) Wellness week the week after springfest; it's growing cancerously (so to speak). Working to add transparency to the leave-of-absence process.

(Amanda) Spirit Week in conjunction with Spring Fest.

Tuesday: Rep your crew

Wednesday: Mismatch Day

Thursday: Neon Day

Friday: MIT Day

Technique pictures on Tuesday

(Amanda) Special Projects + Baker Foundation are coordinating cross-campus dinners

(Ravi) Nominations Happening... do it!

(Devin) Sid + Devin are forming their cabinet; they want the best people possible; they're obviously want to talk to exec about what they're interested in doing. We also want to get other people involved. Please reach out. **Goal is to do this over the next two weeks.**

Discussion of Orientation Report

Tech Cash Readers

Should we buy a \$3000 techcash reader to replace getting money via spreadsheet (writing down ID numbers)? Not clear if it's a student government issue; administration claims we have the money. Jonte wants to use Square, even though it's against the rules. *Decision*: Jonte should do more research
