Main Account number (if any):

Amount Requested: \$600

Description of your Group/Relevance to the MIT Community:

Palestine@MIT is a new student group of both Palestinian and non-Palestinian students aiming to promote awareness about the Palestinian cause and culture among the MIT community. Our goal is to increase the understanding of an issue that is not sufficiently recognized, among the general public. Specifically, the group aims to bring students from both Palestine and elsewhere to further the cause of peace through social, cultural and political events.

Purpose of the event/Reason for the request for funding:

The request for funding is to help pay the costs of Palestine Awareness Week- an annual event held by students in the MIT community in the spring. This year, Palestine Awareness Week will take place in the first week of May (May 4th to May 8th). Some funds have been raised by the group, but we still do not have sufficient funds to fully cover the costs of the event.

Anticipated attendance: Lectures: approx. 350; Movie screenings: approx. 100
Cultural event: approx. 200
