

## **40 U.A.S. 4.4**

### **Bill to Increase the Transparency of the Task Force on Student Engagement**

Whereas, the purpose of the Task Force on Student Engagement (TSE) is to encourage and increase student involvement in Institute decisions and to address student concerns about administrative decision-making processes; and

Whereas, many students, including members of the UA, feel uninformed about the TSE's objectives and actions, specifically, about the issues that are discussed at its meetings; and

Whereas, although transparency is vital to the TSE's effectiveness and legitimacy, no summary of its proceedings is available for public review; and

Whereas, the UA President is a member of the TSE and has the ability and responsibility to keep students informed of those proceedings;

**Be it enacted, by the Undergraduate Association assembled in Senate:**

That the UA President present a written summary of the proceedings of each TSE meeting to the Senate and Executive Committee for review at their respective meetings; and

That, Senators submit this summary to their constituencies.

Respectfully submitted,

Iman Fayyad  
UA Senator from MacGregor

Eleni Orphanides  
UA Senator from McCormick
