

40 U.A.S. 6.1

Bill to Keep Hand Sanitizer Dispensers inside the Student Center Filled

Whereas, the Athena Clusters are often considered unsanitary by students who have voiced their opinions, and

Whereas, the hand sanitizer dispensers around these Athena Clusters on the fifth floor of the Student Center are rarely filled, and

Whereas, the hand sanitizer dispensers installed on the first floor of the student center are rarely filled as well, and

Whereas, hand sanitizers improve cleanliness, and

Whereas, the fact that these hand sanitizer dispensers are rarely filled prevents students from making use of them;

Be it enacted, by the Undergraduate Association assembled in Senate:

That the Committee on Student Life finds ways of keeping hand sanitizer dispensers installed in the Student Center and other areas around campus filled.
