

40 U.A.S. XXX

Resolution to Return Financial Oversight of the Class Councils to the UA Senate

Whereas the Senate's main power lies in its ability to disburse funding; and

Whereas the UA Senate approves the budget of the entire UA except the Class Councils; and

Whereas the UA Senate once approved Class Council funding; and

Whereas the UA Senate never released the ability to approve Class Council funding; and

Whereas there is no historical reason that suggests the UA Senate should not approve the Class Council budget; and

Whereas the Student Activities Offices has agreed that this power should be returned to Senate;
and

Whereas the Class Council Presidents have agreed that this power should be returned to Senate;

Be it resolved, by the Undergraduate Association assembled in Senate:

That the UA Senate approve the funds provided by the Dean of Student Life for the Class Councils each semester along with the UA Semesterly Budget; and

That the funds provided for Class Councils not be allocated for any other purpose; and

That any unspent funds allocated to the Class Councils be rolled over into their accounts for the following semester.

Respectfully submitted,

Michael Bennie
UA Vice President

UA Senate Speaker
