

## 41 U.A.S. 4.3

# Resolution for Student Engagement within the Student Life Visiting Committee

Whereas the Division of Student Life's policies and procedures strongly impact undergraduate students; and

Whereas the Student Life Visiting Committee's recommendations will influence the future of the Division of Student Life; and

Whereas undergraduates have a large stake in the successful operation of the Division of Student Life; and

Whereas it is important that the Student Life Visiting Committee's report is as complete and representative as possible; and

Whereas the accreditation committee seemed to benefit from the input of students gathered through a forum open to all students; and

Whereas the Student Life Visiting Committee's report will have more credibility within the undergraduate community if the process is as open to undergraduate input as possible;

**Be it resolved, by the Undergraduate Association assembled in Senate:**

That a forum open to any undergraduate be included in the Student Life Visiting Committee's evaluation of the Department of Student Life.

Respectfully submitted,

Elizabeth A. Denys  
UA Secretary General

Maggie K. Delano  
UA Vice President

Sammi Wyman  
UA Senator from Burton Conner
