

If a Spirit-filled person stops investing the power of the Holy Spirit received into the service of the Lord with all his might and with all diligence, if the person stops to pursuing the Lord and pursuing intimacy with the Lord, and if the person stops obeying the Lord radically and totally in all things, the fullness of the Holy Spirit will be lost and the power to win the lost will be lost. That is how Spiritual power is received, retained or lost.

Go and lead My children into Spiritual power along these lines and there will never be a problem or winning the lost and keeping those who have been won to Me. Go and fill the world with this message. Write a two volume book on "The Power of The Holy Spirit".
