The language is taught by a direct, interactive method. The participants can learn the language in a fun filled environment. Participants will be able to converse in simple Sanskrit by the end of the program.

Samskrita Bharati is a voluntary non-profit organization that is dedicated to bringing Samskritam back to daily life. By organizing courses, camps and other activities, Samskrita Bharati is creating Samskritam-speaking communities across the US. Experienced volunteer-instructors use an effective and natural teaching technique similar to a child learning its native language by observing and listening to parents and siblings. Participants will learn basic skills of spoken Samskritam.
