Grammar and Education

To Mrs. Davis, April 1994

NORM CHAMBER

Subject: Your Grammar Improvement Program

Dear Mrs. Davis,

I have been discussing the grammar improvement program with some students in my class. They are concerned about the impact of this program on their grades. They feel that the program is too difficult and that they are not making progress.

Specifically, they are worried about the need to improve their grammar skills in order to succeed in other subjects. They believe that grammar is not a priority in our current curriculum and that they should be focusing on more important topics.

I would appreciate it if you could provide some guidance on how to address these concerns. It would be helpful to know if there are any specific strategies or resources that you recommend for improving grammar skills.

Thank you for your time and consideration.

Sincerely,

Norm Chamber

Grammar Improvement Program Coordinator
