

15.434 Corporate Finance
First Day Assignment

In addition to discussing class requirements, we will review the case “Wilson Lumber Company”, which was the first case in 15.402, the prerequisite for this course. There is no written assignment due for the first class.

Wilson Lumber Company is not in the 15.434 course pack since I did not want you to have to purchase it a second time. It was in the 15.402 course pack.
