

6.055J/2.038J (Spring 2010)

Weekly assignment schedule

Here is a schedule of 6.055/2.038 deadlines and events for the week. (A few weeks will have a slightly different rhythm due to holidays.) Items in green are when material is posted for you to start working on it. Items in red are the deadlines. Items in blue are my deadlines (e.g. give lecture).

The arrows beside the entries connect posted items to their deadlines. The slanted arrows show that the reading-memo comments are used to organize the indicated lecture.

The last column shows my estimate of the number of hours each item requires.

Total: 9.0 hours
