

**Time:** 50 minutes, or more class periods depending on user's feedback.

**Overview:** Students will make the final round of changes based on the issues/errors/problems with their prototype/process from the user. They will spend the remainder days needed to finalize their presentation.

**Objective:** Students will be able to finalize (to the best of their ability) all changes from the user's feedback during testing. They will also finalize their presentation.

**Materials & Setup:**

Another set of student copies of [Post-Test Changes](#)

Poster or online presentation

[Rubric](#)

**Activity:**

Overview	Details
<p><b>Final Changes</b> Question: What final changes do you need to fix to have your process or product finalized?</p> <p><b>The Presentation</b></p>	<ul style="list-style-type: none"><li>● Have them work together to:<ul style="list-style-type: none"><li>○ Understand the specific problem/issues</li><li>○ Understand why the problem/issue exists (learn)</li><li>○ How to fix or address the problem: brainstorm (imagine)</li><li>○ To actually work through the solution (create)</li></ul></li><li>● Use the suggested <a href="#">Post-Test Changes</a> document to keep teams on track.</li> <li>● For the last day, let students know it is a professional day for their presentation. Teams will present their final process or product to an audience, and most importantly, the user. They will also have a simple background online or poster presentation that supports their presentation.</li><li>● Presentation suggestions:<ul style="list-style-type: none"><li>○ Supports strong aspects from the <a href="#">Rubric</a> should be demonstrated on the presentation. Teams for example should show their UCD process work</li><li>○ Shows the challenges and how teams overcame issues or any highlights along the way of the project</li><li>○ Make the presentation interactive through audience participation</li><li>○ Show a simple poster board that shows pictures from their beginning to their end work.</li><li>○ Shows the prior process or product and their current process or product.</li></ul></li></ul>
