### **Student Reflection on Project**

1. What was the most important lesson I learned working on this project?
2. What did I find most interesting?
3. What did I find most difficult?
4. What did I learn about working with others on this project?
5. In what ways did I help my team most with project work?
6. What skills did I improve while working on this project?
7. What skills do I think still need more improvement.
8. How do you think your team did on the project?
