

## **Educational Standards Addressed by the Lesson, “Pollination: Saying It with Flowers”**

### **Massachusetts Biology Learning Standards**

#### **6. Ecology**

**Central Concept:** Ecology is the interaction among organisms and between organisms and their environment.

- 6.1** Populations
- 6.2** Biodiversity and environmental changes
- 6.3** Food webs and ecosystem relationships
- 6.4** Abiotic cycling, photosynthesis

### **Next Generation Science Standards**

2-LS2 Ecosystems: Interactions, Energy, and Dynamics
