1) Transition Updates

- Eli: We've been transitioning the new officers and will completely hand off roles and responsibilities by next meeting. Please talk with the new executive team and tell them what you want to see and have happen over the upcoming year.

2) Committee Reports

- Ben Horkley: ISTAB Updates – the advisory board received the finalized design for the Building 4 athena cluster renovation. The renovation will make it more of a group study area. We also met with new IS&T president. IS&T wants to open up institute data to students so we can have more projects like course road and planner.

3) Security Updates

- Gaurav: Rodrigo and I met with the Chancellor. She didn't have enough information to give us the go ahead on only student workers manning desk, but she will get back to us.
- Matt: Alina and I met with Dean Humphreys. We brought up implementing a student/faculty/admin committee for security to prevent rapid changes and implement feedback. Also, dorm collaboration about security has been happening. Senior Haus has had all security cameras moved to the outside of the building and all exterior doors are open for New House.
- Jes: East Campus had a town hall meeting. Dean Humphreys has acknowledged receiving our emails, but hasn't gotten back to us.
- Eli: We will try to get deadlines from people so things don't fall through the cracks.

4) Mural Policies

[Discussion redacted due to confidentiality issues. The majority of the meeting was spent on this discussion. If you would like to obtain the dialogue, please email both dormcon-president@mit.edu and dormcon-secretary@mit.edu with your request.]
