

Recitation #10

Administrative Announcements

- Quiz #1 on Oct 19, 7:30pm — no class that day!
- Homework #4 due today
- Welcome suggestions on what to cover in next Friday's revision

Topics Covered

- Single side band using 90-degree phase-shift network
- Modulation with pulse-train carrier (time division multiplexing)
- Further examples on some “exotic” communication systems

The more elaborate our means of communication, the less we communicate.

◇ *Joseph Priestley (1733–1804)* ◇
