- Graphing tool for responses
- Quick turn around time
- Project tracking
- Project updates
- High response rate
- Direct conversation with beneficiaries
- Visual data
- Access to data from anywhere with an internet connection
- Refined data points

## @ ABOUT US

mSurvey™ streamlines research through mobile technology and rapid, large scale surveys. Through contacts with local phone subscribers, wireless providers, and community organizations, mSurvey™ offers unparalleled service to NGOs and other companies that need rapid feedback. mSurvey™ gets reports directly from the source: local communities and local beneficiaries. mSurvey™ employs beneficiaries to help alleviate poverty while getting data to make a significant impact.
