

Course 2-A, Registration Check Sheet

The registration check sheet on the reverse is to be used for students who are majoring in Course 2-A using the new 2-A system. All students Class of 2015 or earlier are allowed to choose between the old 2-A degree program and the new program (will be required starting with Class of 2016).

This check sheet is to be kept in the advisee's folder and updated each semester. We suggest that you put a diagonal line (/) in the square for the semester when the subject is being taken, and that you write the grade over this when the course is completed. A blacked-out square (■) indicates that the course is not offered.

Students in Course 2-A must submit a 2-A Concentration Proposal no later than the start of the term after they enter the program. The proposal is online, and is reviewed by the 2-A Coordinator and the Undergraduate Officer.

Students may receive CI credit for only one CI-H subject per semester. The Communication Requirement specifies that undergraduates complete one CI subject by the end of the first year, two by the end of the second year, three by the end of the third year, and four by graduation.

For questions, contact

- 2-A Coordinator: Seth Lloyd, slloyd@mit.edu
- Undergraduate Academic Administrator: Brandy Baker, brandyb@mit.edu
- Undergraduate Officer: Rohit Karnik, karnik@mit.edu

Course 2-A Information

- 2-A Online Proposals: <https://meche-res.mit.edu/resources/new2A/>
advisors can see approved proposals for their advisees
