Lynker and the AMS Scholarship for Underserved Communities

LYNKER is a sponsor of the AMS Scholarship for Underserved Communities, formerly the Minority Scholarship. AMS would like to thank Lynker for partnering with the AMS initiative to provide equitable access to atmospheric, oceanic, and hydrologic sciences and to strengthen the diversity of our community.

“Lynker has been committed to helping underserved communities get even more involved in STEM. We thank the American Meteorological Society for initiating the AMS Scholarship for Underserved Communities. Lynker is proud to sponsor this scholarship and to have a positive impact—and a pathway to careers in meteorology (hopefully at Lynker!)—for these communities.”
